DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-24 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Shimozato 6,064,534.

The applied references teaches the claimed invention. See column 2, lines 1-55, column 5, lines 5-55, column 6, lines 34-67, column 8, lines 5-28, column 12, lines 1-24, claims.

Takahashi 6,101,053 and Codilian 7,095,577 have been cited as of interest.

The amendments and arguments submitted by applicants in their last response have been fully considered. The claims, however, remain unpatentable in view of the new grounds of rejections.
